

Homework 4 - Insurance Analysis with Multiple Linear Regression and Binary Logistic Regression

*Daniel Brooks (daniel.brooks@spsmail.cuny.edu), Daniel Fanelli
(daniel.fanelli@spsmail.cuny.edu), Christopher Fenton
(christopher.fenton@spsmail.cuny.edu), James Hamski (james.hamski@spsmail.cuny.edu),
Youqing Xiang (youqing.xiang@spsmail.cuny.edu)*

July 10, 2016

1 Data Exploration

2 Data Preparation

3 Models

3.1 Multiple Regression Model 1

3.2 Multiple Regression Model 2

3.3 Binary Regression Model 1

3.4 Binary Regression Model 2

3.5 Binary Regression Model 3

4 Model Selection

4.1 Multiple Regression Model 1

4.2 Multiple Regression Model 2

4.3 Binary Regression Model 1

4.4 Binary Regression Model 2

4.5 Binary Regression Model 3
